Assembly Preparation

Before Beginning:

Unpack all hardware bags and components to ensure you have all parts. Take note of bolt hardware size differences and components that may have directional labels (Example: TOP or FRONT).

Depending on your furniture product, foam, packing dust, or residual film or finish may be present on the components. This is normal and can be wiped clean using a non-colored, lint-free dry cloth.

Read the assembly instructions, cover-to-cover. Save any **Care and Maintenance** instructions pages for after the assembly has been completed.

It is always recommended to have 2 adults on hand for assembly.

Do not assemble on hard, abrasive flooring or carpeted surfaces that can damage or get caught in the components during assembly.

Assemble on a clean non-marring surface (such as the product's packing foam).

Do not discard any packaging until the product has been fully assembled.

In case of missing parts, please contact your nearest World Market store or call our customer service call center at 1-877-967-5362.

WARNING: Small parts are a choking hazard. Adult supervision is required before, during, and after assembly.

Assembly Process

Step 1

Place the Base (B) onto a padded, non-marring surface. Position the hanger bolt that is pre-installed in the Top (A) with the receiving threaded hole in the Base (C). Secure by rotating the Top (A) clockwise until snug. **DO NOT OVERTIGHTEN.** Assembly is now complete and the product is ready for use. **NOTE:** Hardware may loosen over time. Periodically check that all connections remain tight and adjust as needed.
