# Assembly Preparation

## Before Beginning:

Unpack all hardware bags and components to ensure you have all parts. Take note of bolt hardware size differences and components that may have directional labels (Example: TOP or FRONT).

Depending on your furniture product, foam, packing dust, or residual film or finish may be present on the components. This is normal and can be wiped clean using a non-colored, lint-free dry cloth.

Read the assembly instructions, cover-to-cover. Save any **Care and Maintenance** instructions pages for after the assembly has been completed.

It is always recommended to have 2 adults on hand for assembly.

Do not assemble on hard, abrasive flooring or carpeted surfaces that can damage or get caught in the components during assembly.

Assemble on a clean non-marring surface (such as the product's packing foam).

Do not discard any packaging until the product has been fully assembled.

In case of missing parts, please contact your nearest World Market store or call our customer service call center at 1-877-967-5362.

**WARNING:** Small parts are a choking hazard. Adult supervision is required before, during, and after assembly.

# Assembly Steps

## Step 1

**IMPORTANT: TWO PEOPLE ARE REQUIRED FOR THIS ASSEMBLY STEP**

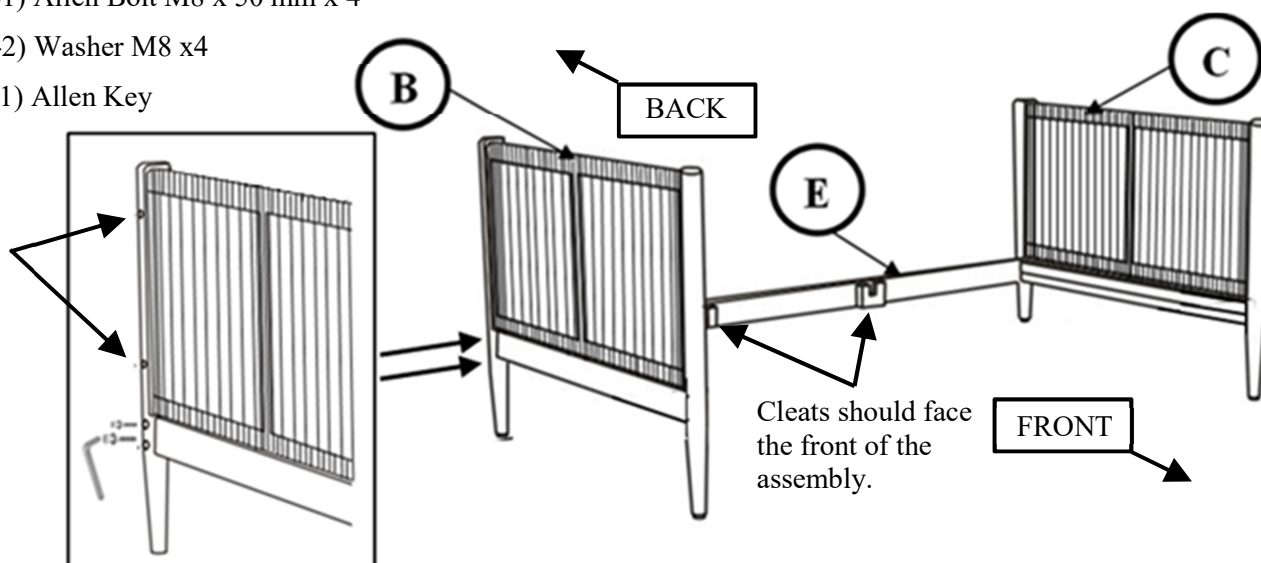

(H-1) Allen Bolt M8 x 50 mm x 4

(H-2) Washer M8 x4

(T-1) Allen Key

### NOTE:

The through holes should be toward the back of the assembly.

It is imperative to use the help of a second person during assembly. Place the Right Panel (B) on its legs. While one person holds the Right Panel (B), the second person can support the Back Rail (E) and secure it to the Right Panel (B) by aligning the holes and engaging two Allen Bolts (H-1) and Washers (H-2) through the outside of the back leg. Tighten about 90% using the provided Allen Key (T-1). While continuing to support the Right Panel (B) and Back Rail (E), position the Left Panel (C) on its legs. Perform the same operation to attach Back Rail (E).

## Step 2

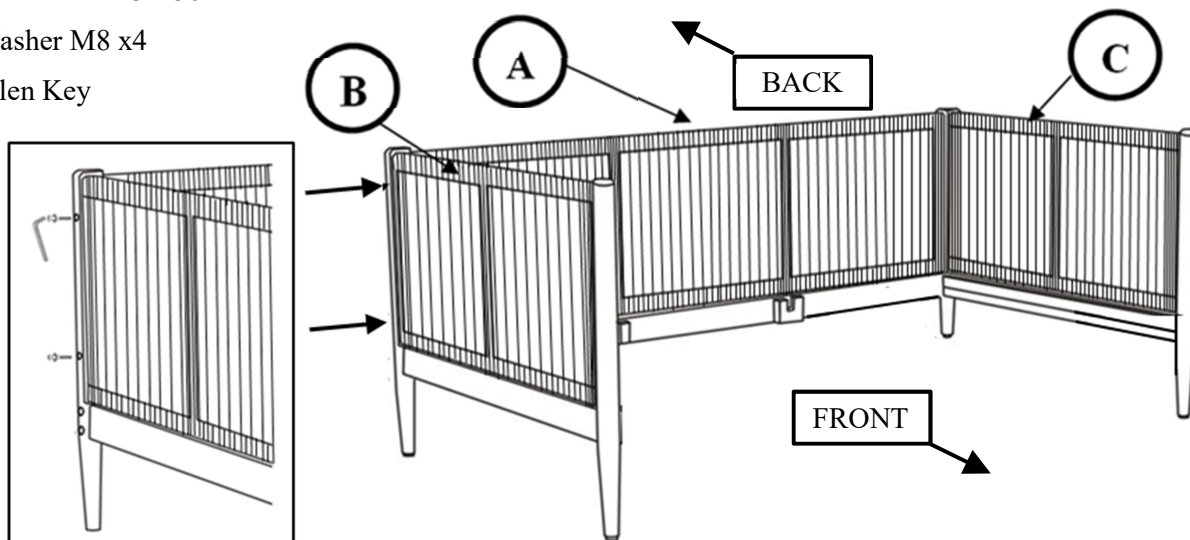

**IMPORTANT: TWO PEOPLE ARE REQUIRED FOR THIS ASSEMBLY STEP**

(H-1) Allen Bolt M8 x 50 mm x 4

(H-2) Washer M8 x4

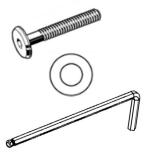

(T-1) Allen Key

Very carefully, position the Back Panel (A) to the back of the assembly as shown. Ensure it is oriented correctly. Secure by engaging four Allen Bolts (H-1) and Washers (H-2) through each Side Panel (B/C). Tighten about 90% using the provided Allen Key (T-1). The assembly should be sturdy enough to now stand on its own, but do not bump or move the components to avoid breakage.

# Assembly Steps

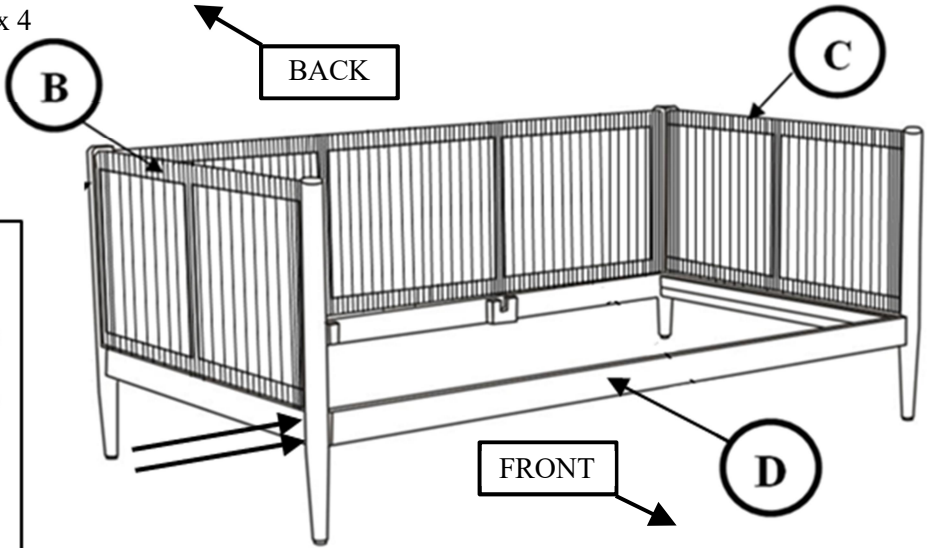

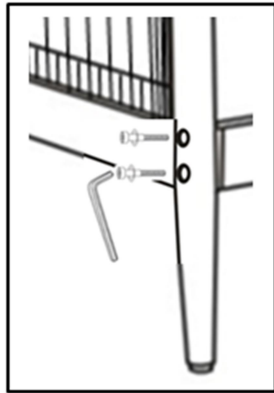

## Step 3

(H-1) Allen Bolt M8 x 50 mm x 4

(H-2) Washer M8 x 4

(T-1) Allen Key

Position the Front Rail (D) to the front of the assembly. Ensure the cleats on the Front Rail (D) face toward those on the previously assembled Back Rail (E). Repeat the same process as step 1 to attach the Front Rail (D) to the Right/Left Panels (B/C).

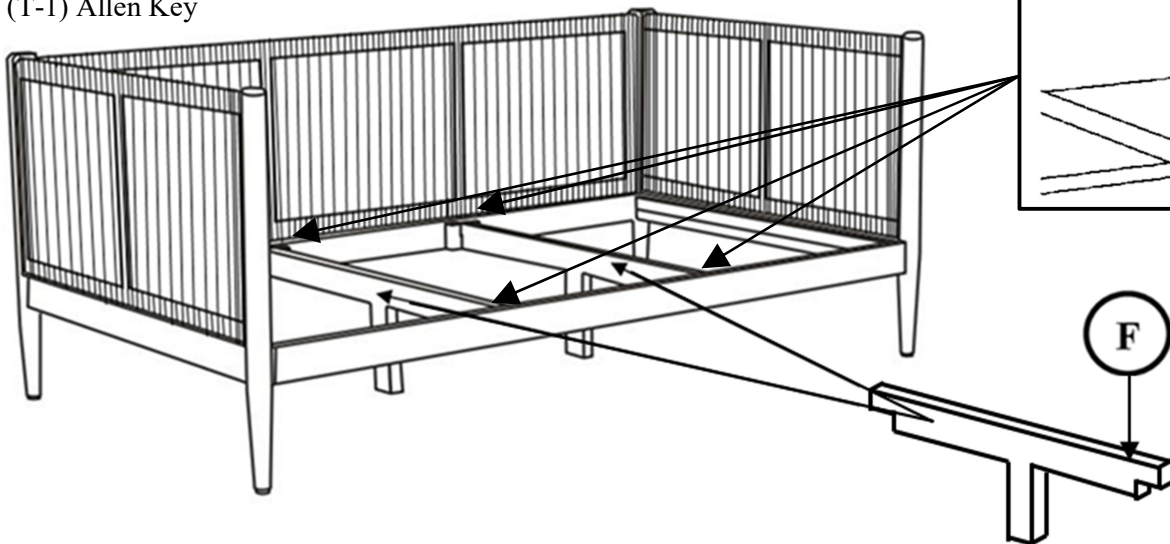

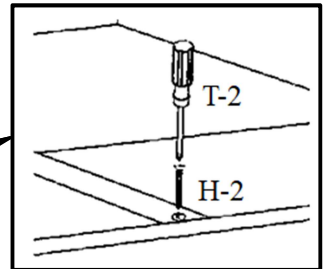

## Step 4

(H-3) Wood Screw 50 mm x 4

(T-2) Phillips Screwdriver (not provided)

(T-1) Allen Key

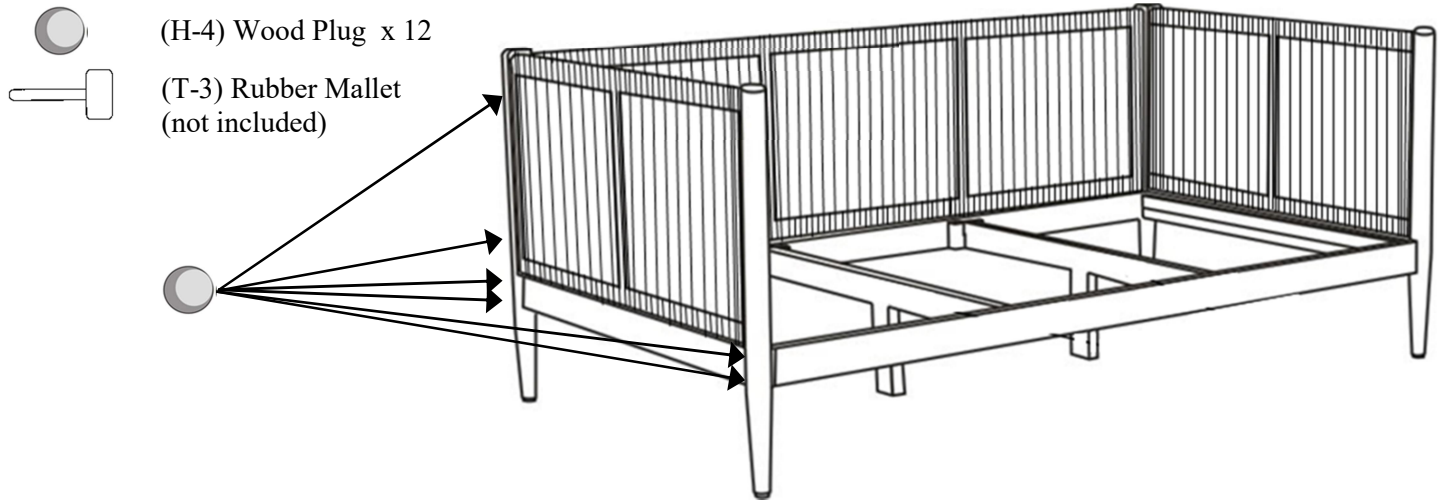

Position each of the two Middle Rails (F) by inserting the ends into the cleats located on the Front/Back Rails (D/E). Secure by engaging four Wood Screws (H-3) into each end and tighten using a Phillips Screwdriver (T-2; not included). Fully tighten ALL hardware from Steps 1-4 at this time using the provided Allen Key (T-1) and a Phillips Screwdriver (T-2; not included). **DO NOT OVERTIGHTEN.**

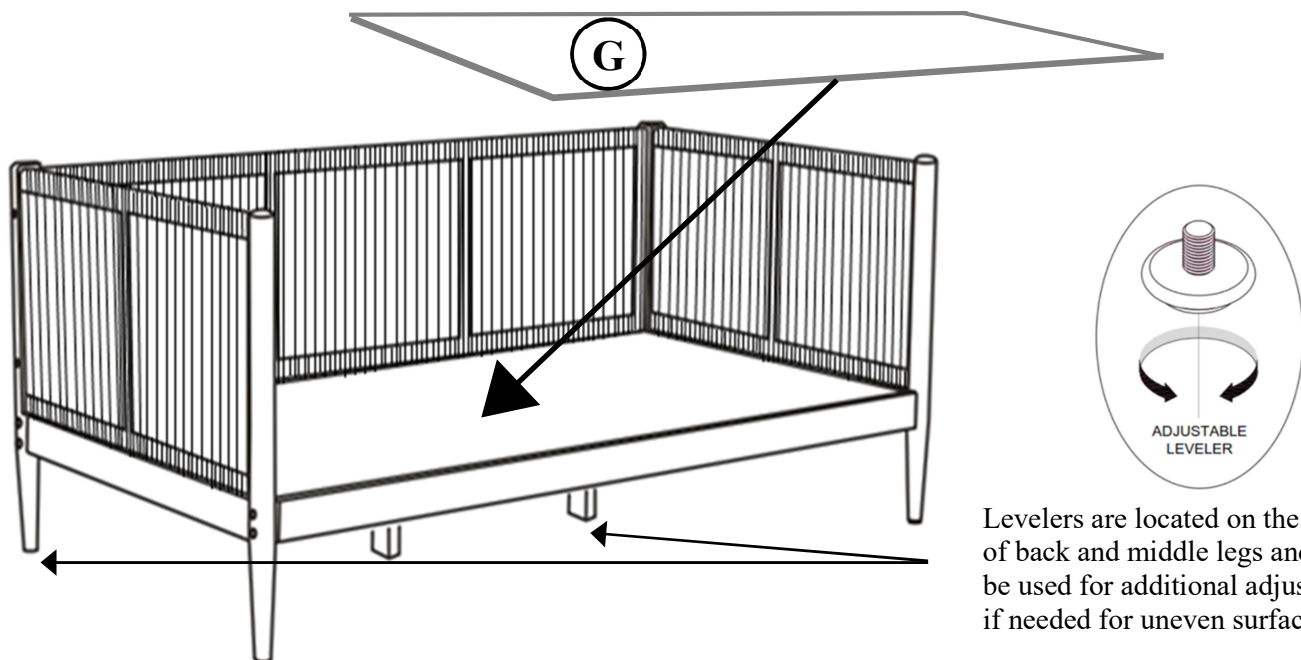

# Assembly Steps

## Step 5

Insert the twelve Wood Plugs (H-4) into each hardware hole. Gently tap the Wood Plugs (H-4) with a Rubber Mallet (T-3; not provided) until they are securely fastened. **DO NOT USE A METAL HAMMER WITHOUT PROTECTION, SUCH AS PACKAGING MATERIAL, BETWEEN THE HAMMER AND THE PLUG.** It is highly recommended to use a Rubber Mallet.

## Step 6

With the help of a second person, gently place the Mattress Panel (G) onto the assembly as shown. Carefully lift and move to your desired location.

Assembly is now complete and the product is ready for use. Adjustable levelers are located on the bottom of back and middle legs and may be adjusted by turning outwards, counter-clockwise to help account for uneven surfaces.

**NOTE :** Hardware may loosen over time. Periodically check that all connections remain tight and adjust as needed.
